

KARTUSCHENSCHNEIDER

Practical tool for easy opening cartridges and cutting cartridge tips.

Product performance

- | Opens cartridges with one turn.
- | Precisely cuts the tips of cartridges.
- | Safe, fast and easy to use.
- | Practical pocket-sized format.
- | For all standard 310 ml plastic cartridges.

Processing

Open cartridge: Push open and clip the KARTUSCHENSCHNEIDER to the cartridge thread from the side (not from the top!).

Make one turn in the direction of the arrow.

Cut the cartridge tips to size: Introduce the tip of the cartridge to the desired width in the cutting unit.

Press down the unit. The tip of the cartridge is precisely and cleanly separated.

Please note

Health & safety: Keep out of the reach of children. Do not reach into the middle opening – stationary cutting tool.

Disposal: Recycle empty packaging.

The statements made in this information sheet reflect our current knowledge and experience. Since we do not have influence on the building-specific circumstances and the correct execution of the work, we can only guarantee the consistent quality of our products.

For that reason, in case of doubt verify the suitability of the product through a sufficient number of test applications. A direct legal liability can be derived neither alone from the instructions in this information sheet nor from any verbal consultation.

The publication of this technical information sheet invalidates the previous editions. Subject to change without prior notice.

Responsible Care (RC) for the chemical industry means taking responsible action. It makes this clear through a worldwide initiative. In many countries, chemical associations run national RC programmes. In the international initiative, thousands of companies are active with millions of employees. The goal is voluntary commitment to do more than just the compulsory: Promoting sustainability, demonstrating product responsibility, creating more safety for factories and the neighbourhood, improving health protection at the workplace and improving environmental protection. In the frame of its membership in the German Chemical Industry Association (Verband der deutschen chemischen Industrie), LUGATO has committed itself to adhere to this objective.

If you're not sure of something, please ask!
